Introduction

Tactics for Listening

Tactics for Listening is a three-level series of listening textbooks for students of English as a second or foreign language. Taken together, the three levels make up a comprehensive course in listening skills in American English.

Basic Tactics for Listening

Basic Tactics for Listening is the first level of the *Tactics for Listening* series. It is intended for students who have studied English previously but need further practice in understanding simple conversational language. It contains 24 units. It can be used as the main text for a listening course, as a complementary text in a conversation course, or as the basis for a language laboratory course. Each unit features a topic that relates to the everyday life and experience of adults and young adults. The topics have been chosen for their frequency in conversation and their interest to learners. A wide variety of stimulating and useful activities are included to give students graded practice in listening.

Student Book

In the *Basic Tactics for Listening* Student Book, students practice listening for a variety of purposes and hear examples of different types of spoken English including casual conversations, instructions, directions, requests, descriptions, apologies, and suggestions. Essential listening skills are practiced throughout the text. These skills include listening for key words, details, and gist; listening and making inferences; listening for attitudes; listening to questions and responding; and recognizing and identifying information.

Each unit has five sections. The first section, "Getting Ready," introduces the topic of the unit and presents key vocabulary for the unit listening tasks. The next three sections, each entitled "Let's Listen," are linked to conversations or monologues recorded on cassette or CD. These sections provide task-based, graded listening practice. Finally, there is a follow-up speaking activity, "Over to You," which relates to the theme and listening tasks of the unit.

Audio Program

The complete audio program for *Basic Tactics for Listening* Student Book is available as a set of three Class CDs or Cassettes. In addition, the Student Book with CD contains a Student CD on the inside back cover for home study. The CD includes the listening passages for the final Let's Listen section of each unit.

Teacher's Book

The *Basic Tactics for Listening* Teacher's Book provides extensive lesson plans for each unit, answer keys, optional activities, vocabulary lists, and a photocopiable tapescript of the recorded material. The Teacher's Book also includes photocopiable midterm and final tests, as well as worksheets (one per unit) that offer additional speaking activities. The audio program for the midterm and final tests is included on a CD on the inside back cover.

Test Booklet

The *Basic Tactics for Listening* Test Booklet contains photocopiable tests for each unit of the Student Book. The audio program for the unit tests is included on a CD on the inside back cover.

BASIC

TACTICS FOR LISTENING

Second Edition

Basic Tactics for Listening is the first book of a comprehensive three-level listening skills course for adult and young adult learners of American English. It is intended for students who have studied English previously but who need further practice in understanding simple conversational language.

Basic Tactics for Listening can be used as the main text for a listening course, as a complement to a speaking course, or as the basis for a language laboratory course.

KEY FEATURES OF TACTICS FOR LISTENING

- High-interest topics that engage and motivate students
- Fun, natural-sounding recordings that reflect everyday situations
- Easy-to-use, task-based activities
- Practice in both top-down and bottom-up listening skills
- Optional conversation activities in each unit

KEY FEATURES OF THE NEW EDITION

- ✓ New follow-up listening activities for more in-depth practice
- ✓ Expanded "Over to You" sections for extra speaking practice
- ✓ A Student CD for extra practice outside the classroom
- ✓ Photocopiable speaking activities for each unit
- ✓ Midterm, final, and unit tests with CDs
